

Risk Assessment

Key: S = seriousness (1-5) L = likelihood (1-5) RR = risk rating |(1-25) | X S = RR

Activity / football training

Item/Activity	Hazards	Control Measures in place	S	L	R R	Action required
Sporting Weston Junior Football Club to participate in football training	Slips, trips & falls general injuries caused by playing sports	Children will be supervised throughout by coaches. They will be reminded to act sensibly, and care will be taken to ensure the prevention of injury	3	1	3	Coaches to be vigilant A first aid trained coach will be present Will insure first aid kit is always onsite Coaches need to check the pitch before and after training
General premises hazards	Fire	The premises will have their own fire evacuation procedure	3	1	3	Coaches to be aware of the fire evacuation procedures at the premises
Safeguarding	Children will not know the premises and could wander off on their own/talk to strangers in the premises	The coaches will be always present	4	1	4	Supervised toilet breaks Children to be collected by the appropriate parent/carer at the end of the training session

	Person responsible for clearing the action	Signed
Coaches to be vigilant for any potential/hazards causing		
First Aid coach		
Awareness of fire Evacuation procedure at the premises		
Safeguarding		

The following chart and table should be used to identify the level of risk.

NOTE: Do not assume every residual risk will be low. A moderate rating is fine, as long as the risks are controlled adequately.

		Severity				
		1 Trivial	2 Minor	3 Moderate	4 Major	5 Severe
Likelihood	5 Very likely	5 Moderate	10 Moderate	15 High	20 High	25 High
	4 Likely	4 Low	8 Moderate	12 Moderate	16 High	20 High
	3 Moderate	3 Low	6 Moderate	9 Moderate	12 Moderate	15 High
	2 Unlikely	2 Low	4 Low	6 Moderate	8 Moderate	10 Moderate
	1 Rare	1 Low	2 Low	3 Low	4 Low	5 Moderate

Action Required	
Risk Level	
High	Suitable and sufficient risk control measures must be implemented. Alternative working practices should be used.
Moderate	Work to proceed following prescribed safe systems of work. Residual risks to be managed in safe system and recorded as such.
Low	Level of risk satisfactory. Work to proceed following prescribed safe systems of work.
